Descriptif

Unleash your potential on an inspirational journey through our 'Introduction to Entrepreneurship and Sustainability Challenges' course. This transformative journey is designed to unlock and cultivate your inner changemaker. A course designed for you to navigate through sustainability challenges, learning how to build strategic long-term relationships and understanding sustainable economic models. You'll also explore the integration of AI into your projects, and create organic action plans - all the while, receiving concrete tools and key insights for impactful project development. This course is not just a lecture, it's an interactive adventure that will empower you to think differently about sustainability and entrepreneurship. You will be immersed in hands-on group activities, real-world case studies meeting inspiring changemakers, and exciting pitch practice sessions. By the end of the course, you'll have the knowledge, skills, and confidence to not only talk about change but to be the change. Join us and spark your journey to making a real difference in the world.
